Mealtimes/Sports:

* Meals must be served at approved meal times. It is not acceptable to change meal times unless prior permission is granted. If children are involved in sports we recommend providers don't claim meals when activities typically occur.

Field Trips:

* If you plan to claim any meals during a field trip, that meal must be pre-approved. You must fill out a field trip request form (which can be printed from our website www.cmautah.net under forms) detailing the menu to be served and how you plan to keep the food at the appropriate temperature.

Remember—any meals daycare children receive from a summer food program site **MAY NOT** be claimed with CMA. This could result in disqualification from CACFP.
