This institution is an equal opportunity provider and employer

If you are closing at anytime during your day care hours you must contact the office or your monitor before so we have it on record. Not doing so can result in a NOT HOME which is counted against you.

Announcement from the Director

I would like to thank all of CMA's providers who have been part of the food program. I believe it is great we are able to improve children's health and wellness with nutritious meals and health education. I have had the opportunity to be CMA's Director for the past nine years and have truly enjoyed this job. I will be retiring at the end of this year. Thank you all.

Debbie Loeffelbein will become CMA's new Director. Many of you have had the opportunity to work with her over the past few years. Debbie will do a great job. She has a strong child care background and brings to CMA experiences that will benefit the program and the providers. I wish you all a Merry Christmas and a great New Year.

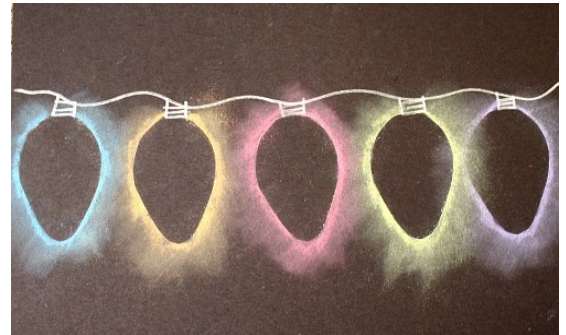

Craft Time: Chalk Lights

Materials Needed:

- *Thick paper (file folder/cereal box)
- *Cotton balls
- *Silver Sharpie marker
- *Scissors
- *Black paper
- *Colored chalk

Instructions:

- *Use thick paper & cut out desired size of lightbulb to use as stencil.
- *Use your silver Sharpie to draw a wire for the Christmas lights on a piece of black paper. Draw the base of each lightbulb where you'll be placing the stencil.
- *Place your stencil on top of the first base & outline it with chalk.
- *Still holding the stencil in place, use a cotton ball to brush the chalk away from the stencil.
- *Remove your stencil & admire!
- *Continue using different colored chalk for each lightbulb down the wire.

Happy Holidays!
