Important Reminders

FBI BACKGROUND CHECK

If you, or any adult residing in your home, has lived in Utah less than 5 years it is required that they complete an FBI background check. It is imperative that you get the packet sent in in a timely manner as they can take 60-90 days to receive results. We will give you 90 days from the day we give you the packet to return the results to us. After this 90 days if no results have been received your license will become invalid and claims will not be paid.

PAPERWORK DEADLINE

Due to the timely manner that claims must be processed we are unable to extend extra time to providers for late paperwork—paper claims, web claims, enrollment renewals, BCI's, or any other paperwork that is due. Please refer to your Claim Due Dates magnet that each of you received and make sure all paperwork is turned in ahead of that date to avoid delay of payment in claims.

KEEP YOUR COPIES

Please keep copies of your current forms in your binder for your monitor to check during visits. If you are missing any, please let us know and we will send them.

- 1 year of reviews in binder
- 3 additional years of reviews in house
- Current children's enrollments in binder
- Current enrollment renewal in binder
- Previous 3 years of all other paperwork in house
